Communications

We regularly keep in contact with our clients to announce breaking changes and new releases. We do our best to ensure everyone receives timely and relevant information about our products. You can help to make sure you don't miss anything by regularly checking the [AppNexus Bidder Release Notes](#) page. (You can also click **Watch** in the upper right corner of that page to receive notifications of updates.)

In this section you'll find the following:

- [AppNexus Bidder Release Notes](#)
Up-to-date notices on breaking changes and releases.
- [Release Notes - Legacy](#)
ImpBus API updates from 2015 and 2016.
